Full Paper Submission Guide

全文提交操作指南

How to submit your full paper as a Revision to your accepted abstract

如何通过 "Revision (修订)" 方式在已接收的摘要记录上提交全文

⚠ Please Read Before You Start / 提交前请务必阅读

Your full paper **MUST** be uploaded as a "Revision" to your existing (accepted) abstract record.

全文必须以 "Revision (修订)" 方式，在您已经被接收的摘要提交记录上传。

Do NOT create a new submission. A new submission becomes an independent record and cannot be linked back to your accepted abstract.

请勿重新创建一条新的投稿。新建的投稿会成为一条独立的记录，无法与您已接收的摘要进行关联。

Deadline for full paper submission: 3 July 2026.

全文提交截止日期：2026 年 7 月 3 日。

Overview / 流程概览

The full paper submission is done through the same account you used to submit your abstract. You only need to locate your abstract record and use the "Revision" function to upload the full paper.

全文提交使用您提交摘要时相同的账号完成。您只需要在系统中找到之前的摘要提交记录，并通过 "Revision (修订)" 功能上传全文即可。

The whole process consists of 5 steps, which are illustrated on the following pages.

整个操作流程共包含 5 个步骤，具体说明见后续页面。

Step 1 · 步骤 1 Open the Submission Portal / 打开投稿系统

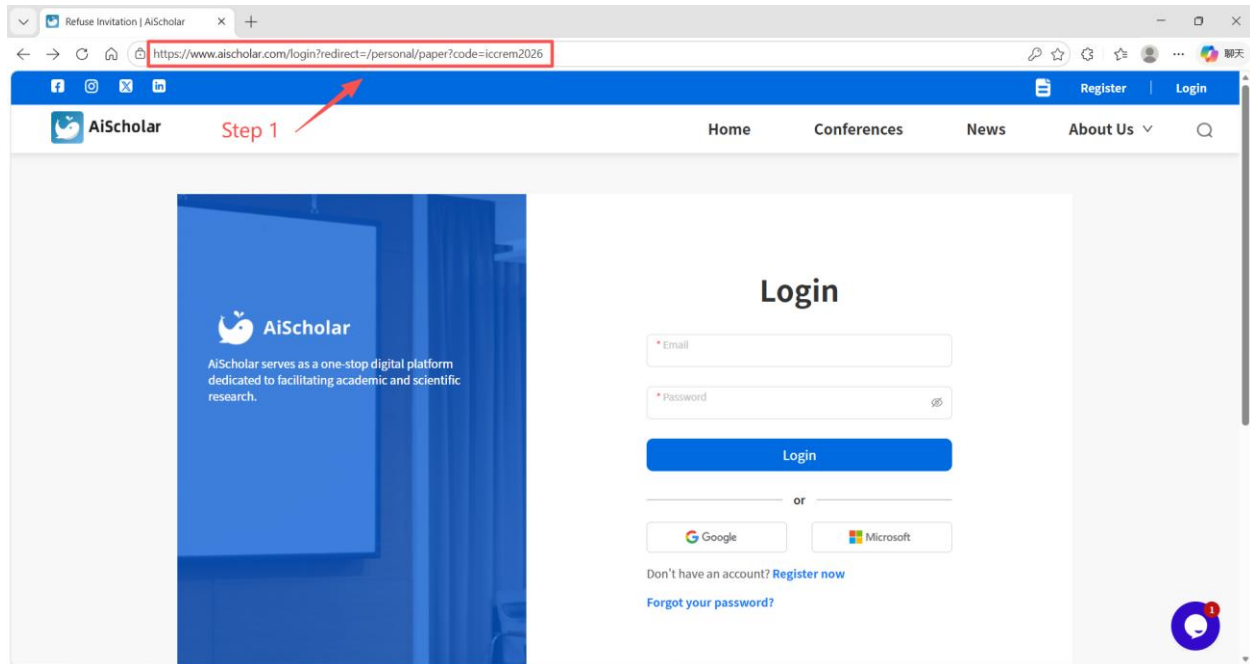

Open the following link in your web browser:

请在浏览器中打开以下链接:

<https://www.aischolar.com/personal/paper?code=iccrem2026>

Tip: we recommend using Google Chrome, Microsoft Edge, or Firefox. If the page does not load, please try another browser.

建议使用 Chrome、Edge 或 Firefox 浏览器。若页面无法正常打开，请尝试更换浏览器。

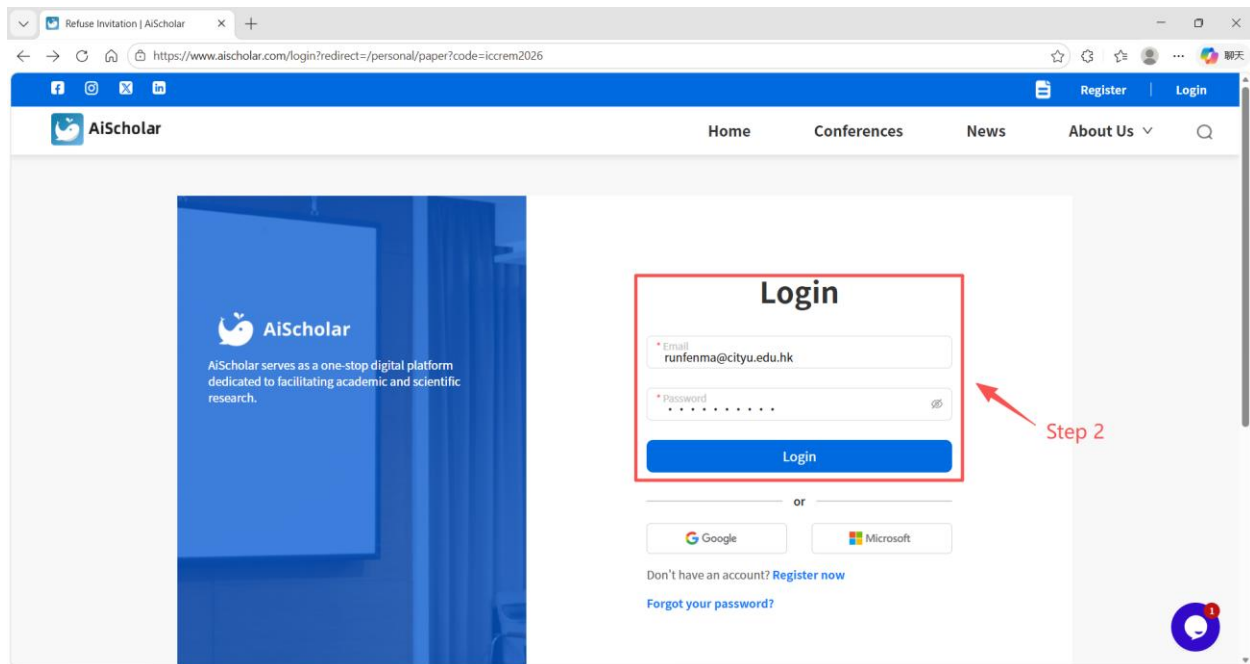

Step 2 · 步骤 2 Log In to Your Account / 登录您的账号

Enter the username and password that you used when submitting your abstract, then click "Login".

输入您提交摘要时所使用的用户名和密码，然后点击 "登录 / Login"。

If you have forgotten your password, please use the "Forgot Password" link on the login page to reset it. Do NOT register a new account — a new account will not contain your abstract record.

如果忘记密码，请使用登录页面的 "忘记密码 / Forgot Password" 功能重置。请勿注册新账号 — 新账号中将不会包含您的摘要记录。

Step 3 · 步骤 3 Click the "Revise" Button / 点击 "Revise (修订)" 按钮

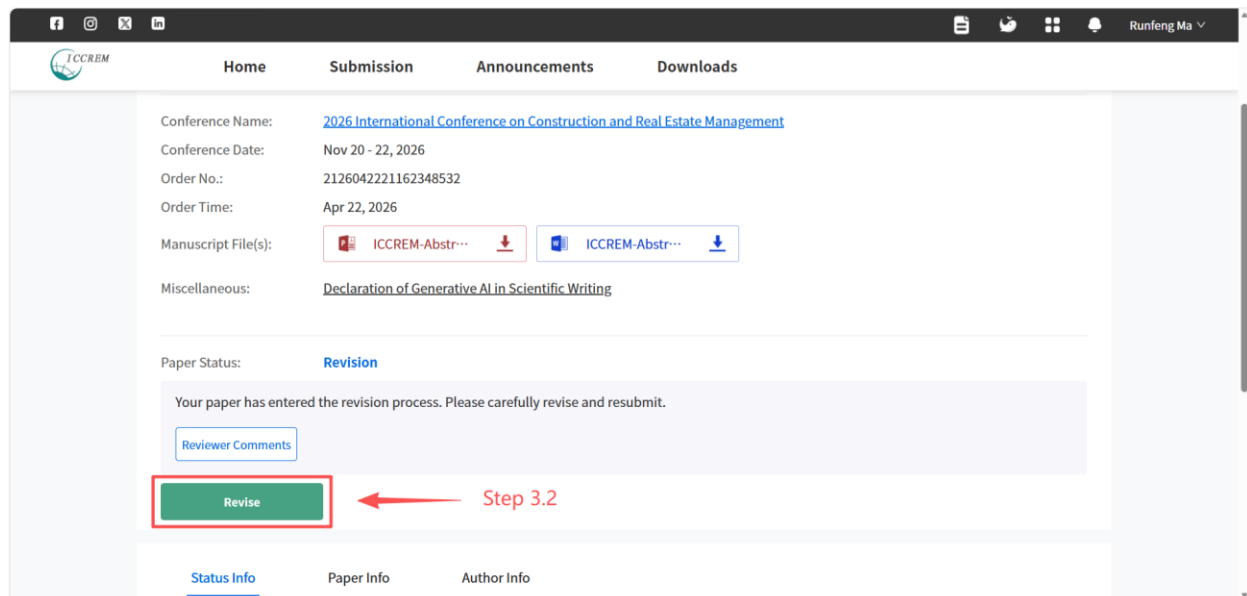

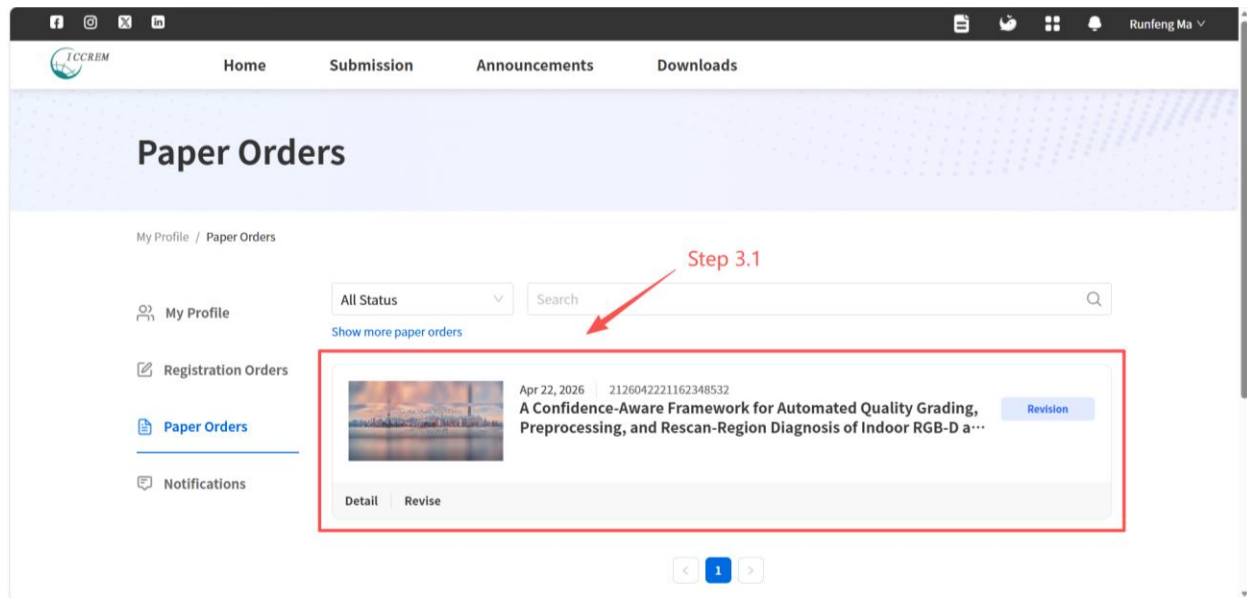

⚠ This is the most important step / 这是最关键的一步

On the page of your accepted abstract, scroll down click the "Revise" button.

在您已接收的摘要那一页，向下滚动页面并点击 "Revise (修订)" 按钮。

The "Revise" function ensures that your full paper is linked to your accepted abstract as the same record.

使用 "Revise (修订)" 功能可确保您上传的全文与原摘要在系统中属于同一条记录。

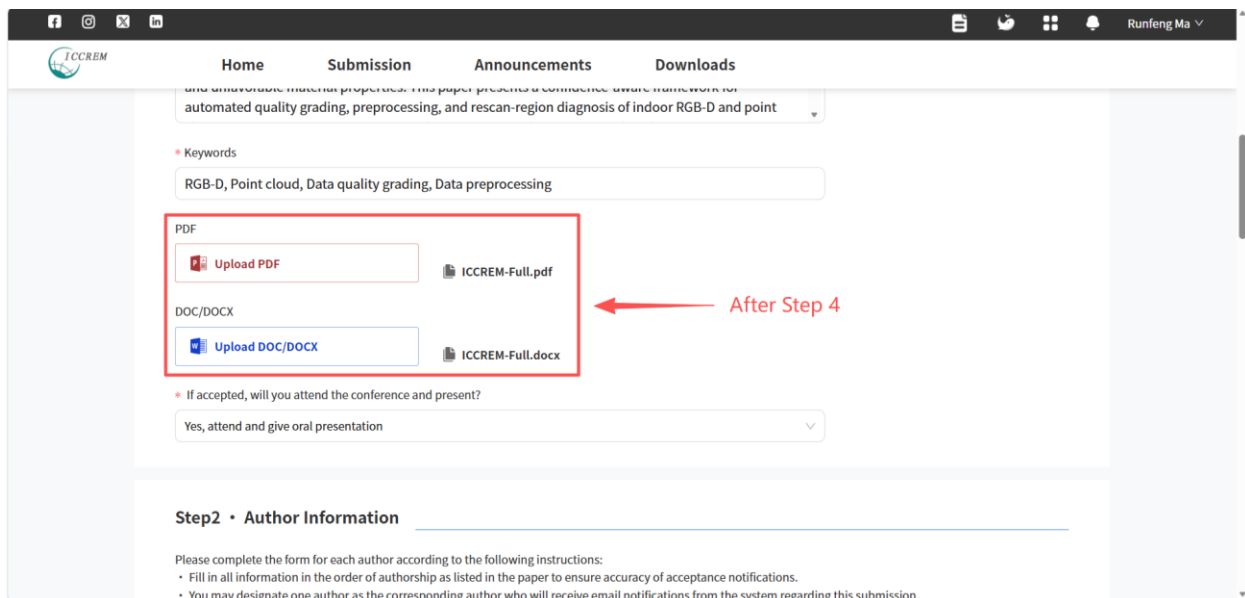

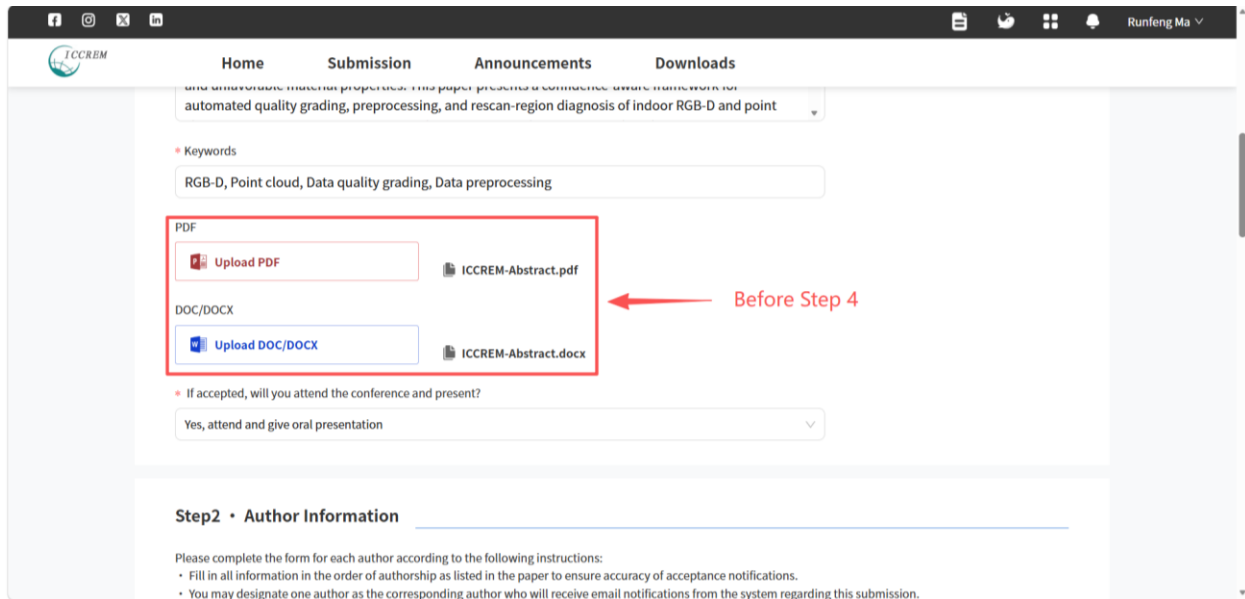

Step 4 · 步骤 4 Upload Your Full Paper / 上传全文文件

On the revision page, scroll down click the “Upload” button. Upload your full paper file according to the conference's formatting requirements. Please double-check that you are uploading the correct file.

在修订页面，向下滚动页面，点击“Upload（上传）”按钮，按会议要求的格式上传您的全文文件，并再次确认文件版本无误。

If the system allows, you may also update other information (such as the abstract, keywords, or author list) so that they stay consistent with your full paper.

若系统允许，您也可以同步更新其它信息（如摘要、关键词、作者信息等），以与全文内容保持一致。

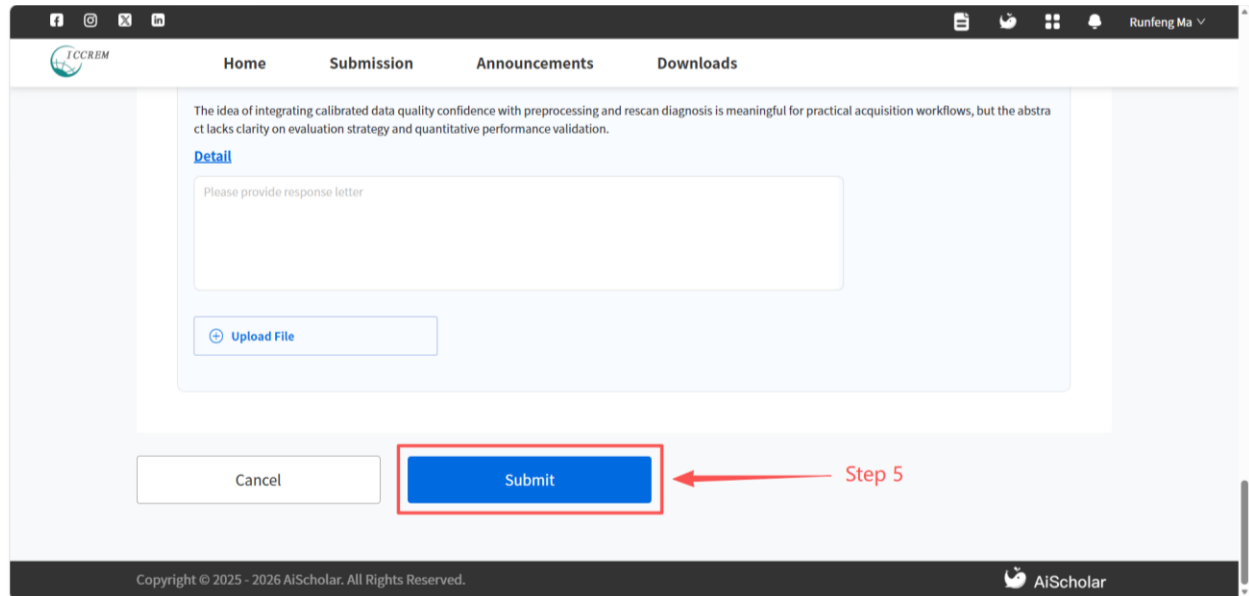

Step 5 · 步骤 5 Confirm and Submit / 确认并提交

Review all information carefully. Scroll down click the "Submit" button to finalize your full paper submission.

仔细检查所有信息后，继续向下滚动页面，点击 "提交 / Submit" 按钮，完成全文的正式提交。

After a successful submission, you should see a confirmation message or the status of your record change to something like "Under Review" or "Revised".

提交成功后，您应当看到确认提示，或稿件状态变为 "审稿中 / Under Review" 或 "已修订 / Revised" 等类似状态。

After Submission / 提交之后

i Your paper will now enter peer review / 您的稿件将进入同行评审流程

Our reviewers will evaluate your full paper. You will be notified of the review result by email.
审稿专家将对您的全文进行评审，评审结果将通过邮件通知您。

Please monitor the email address you registered with, and check the submission system from time to time for any update requests.

请留意您注册时所使用的邮箱，并不时登录系统查看是否有补充修改的要求。
